NSC Declassification/Release Instructions on File.

2 February 1948

MEMORANDUM FOR LIEUTENANT GENERAL S. J. CHAMBERLIN

Subject: Proposed NSCID No. 7

Reference: (a) Memo from Gen. Chamberlin to Adm. Hillenkoetter,
dated 27 January 1948

1. The suggestions in the above reference have been noted, but it is thought that present circumstances outweigh future contingencies. These NSCID's are drawn up to establish present procedures. They are not irrevocable, and, in the normal course of events, many of them will have to be changed.

2. All other IAC agencies have approved of the proposed NSCID 7 without change, so your vote of concurrence in your paragraph 4 of the above reference has been recorded.

3. If, in the course of time, or of changed circumstances, this Directive, or any other NSCID or DOI directive, is found in practice to be deficient or impractical on the working level, I shall be glad to receive advice thereon with a view towards having corrections made.
